

# THE RIVERS SECONDARY COLLEGE

*The heart of secondary education for Lismore*

23 September 2016

Dear Parent/ Caregiver,

Information received from the Examination and Credentials office for our shared curriculum students is: whilst students within The Rivers Secondary College have studied their Rivers Shared Curriculum course at a "host" campus, their external HSC examination will be sat at their "home" campus.

"Home campus"- the campus in which they are enrolled as a student, while they study a shared curriculum subject off site at another campus.

"Host campus"- the campus that students visit to study a subject not offered at their home campus.

Greg Smith  
Executive Principal.
