CHRIS WILLIAMS Executive Principal, has worked in executive positions across The College since 2010.

Our focus is on working together to ensure every student is safe, supported and successful with a bright future. "There is something incredibly special about what we create at Kadina. Students here have infinite opportunities that enrich and engage their learning experiences. No matter a student's interests or passions, they are catered for both in and out of the classroom. Backed by a deep sense of pride in their school and community, our students leave Kadina High Campus proud of who they are, where they come from and where they are going."

"As a new principal, I have been encouraged by the strong relationships between staff and students within our school that ensures every student feels known, valued and cared for. When students feel this way at school, they achieve. While some of this can be measured in HSC and NAPLAN results, another significant measure is the great sense of belonging that students feel when they attend our school"
