## A Message from the Executive Principal

Welcome to The Rivers Secondary College.

Thank you for displaying your confidence in The Rivers Secondary College Shared Curriculum model. The college model established between Kadina High Campus, Lismore High Campus and Richmond River High Campus provides unprecedented opportunities for students to access a broad senior curriculum. Our focus is on high expectations, excellence in learning and a commitment to delivering opportunities for all students to succeed in a safe and nurturing environment. We develop young citizens of the future who recognise their place and responsibility as members of both a local and global community.

Our staff are passionate about providing every opportunity for students to reach their personal best through the development of excellent study programs. We have an innovative focus across the campuses and a core belief that as a college we are always getting better.

Our college offers an extensive curriculum and high quality, comprehensive extra-curricular programs. Our students excel in creative and performing arts, sport, community volunteering, leadership and academic areas. Take up the many challenges that you will be offered and make the most of what the college has to offer in academic, sporting, creative and performing arts and leadership programs.

Our students benefit from strong links and educational partnerships with Southern Cross University, North Coast TAFE, Connect, Local Services Clubs (such as Rotary and Lions), Ngulingah Aboriginal Lands Council, Lismore City Council, New Choices and Northern Rivers Social Development Council.

As a college, opportunity, excellence and innovation are key features that we intend to embed into the development of our academic and extra-curricular activities for our broad range of students. We are continually reflecting on existing and new ways of educational delivery that achieve excellence, enhance student opportunities and success.

## Enrolment Procedures and Administration

### New Enrolments:

New enrolments into the college may be accepted at any time as approved by the Campus Principal. This includes acceptance into Shared Curriculum classes.

### Preliminary Course:

Towards the end of Semester 1, Year 10 students participate in a comprehensive subject selection process for their senior studies.

The timetable is developed across all three campuses so as to meet the needs of all students. Shared Curriculum courses for year 11 students will operate on lines 3 and 4 in 2025. Students from all campuses have equal opportunities to study a Shared Curriculum Course. Subject lines for all Shared Curriculum are shown in the tables on page 9 and 10.

### Students wishing to change a course or withdraw from a course:

Students must first discuss any request to change courses with their Careers or Year Adviser at their home campus. No class changes to Preliminary Shared Curriculum courses will be accepted in the first 3 weeks or after Week 6 of Term 1, unless there are exceptional circumstances and agreement with the host campus. A completed Application for a Change of Subject Form will need to be given to the student's home campus subject change coordinator. Part of this subject change process will require the approval of the Shared Curriculum coordinator. Once a subject change has been finalised an email will be sent to the Rivers Desk, who will confirm this with the host campus. The Shared Curriculum coordinator will then advise the student of the decision made.

### HSC Course:

Shared Curriculum courses offered as a Preliminary course will continue into the High School Certificate course. Any course change must be discussed with the Shared Curriculum coordinator of the student's home campus.

## Subject Contributions

Students will receive an invoice from their home campus that will include a voluntary General Contribution and their home campus specific subject contributions. Subject contributions for a Shared Curriculum course studied at another campus will be invoiced by the host campus and are payable to the host campus. Students need to be aware that some course materials represent an additional cost. Although a student may participate in the subject, they will not be able to consume or keep the product made unless the subject contribution is forthcoming.

The payment for items consumed in core practical subjects is essential for ongoing availability of hands-on materials used by students. These subjects use a wide range of materials to stimulate and develop students' interests and abilities. We would appreciate the payment of these contributions as soon as possible.

When choosing Industrial Arts subjects including, Wood, Metal and other subjects in the TAS area, students must supply their own safety glasses (discuss with relevant class teacher), leather shoes and hearing protection (ear plugs/muffs). It is a legal requirement that students have this equipment.

### Areas where safe footwear must be worn:

In accordance with the Safe Working Policy the Department has identified areas of its workplaces where appropriate footwear must be worn by staff, students and visitors to ensure their safety. Areas where enclosed leather footwear (or other material confirmed by the manufacturer to be suitable, refer to Australian/NZ Standard 2210: Safety Protective and Occupational Footwear) is required are:

- Industrial Arts and Trades workshop areas
- Science laboratories
- Canteen or Food Technology (kitchen) areas

Sandals, open footwear or high-heeled shoes are not permitted in these areas. If a student attends a class or activity with inappropriate footwear an alternative educational activity will be offered, until the student is wearing appropriate footwear.

## Textbooks

Textbooks are usually provided by the host campus through their normal procedures. The host campus teacher will follow up with their students to ensure the return of textbooks if they withdraw from the subject. In the event of a student signing out of school, all textbooks will need to be handed in to the student's home campus if they have not already been returned to the class teacher at the host campus.

## Student Records

The home campus will maintain the student file for each Shared Curriculum student. Student information (such as name, address, medical details, disabilities, learning support needs, contact details, emergency contact details) is to be provided by the home campus to the host campus.

## Risk Management

The college will conduct a risk management assessment for Shared Curriculum courses. This will include: management of medical conditions, travel between campuses, variations to routine and accidents and injuries. Should an injury occur at a host campus, copies of the documentation will be supplied to the home campus.

## Transport between Campuses

### Buses:

Students have responsibility to make their own travel arrangements from home to classes starting in period 1, at 8:30am. Similarly, students who have a Shared Curriculum class that finishes at the end of the day at a host campus will need to make their own arrangements to travel home. Where Shared Curriculum students need to commute from one campus to another during the school day, transport between campuses has been arranged with Bulzomi Bus Lines. This is a free service for all Shared Curriculum students. The Rivers Bus will run on Monday, Tuesday, Thursday and Friday.

When a student needs to commute at the end of period 7 to attend an offline extension course at another campus the college will provide transport through Lismore Taxi Service. Campus coordinators will advise students as to the specific details of this service.

Students are reminded that when travelling between campuses, they are representing The Rivers Secondary College and should conduct themselves in a manner that brings credit to themselves and the college.

**NB:** The shared curriculum bus **does not** meet at Milarty Rd bus stop. Students are to meet at Daley St bus stop.

A 20 minute recess is insufficient time to travel between LHC/RRHC and KHC. Time will be lost from period 4 and the teachers at all campuses are aware that Shared Curriculum students may arrive late to class. Students will not be penalised for this lateness.

## Private Car Use

The college recognises that students in possession of a current drivers' licence are able to drive to and from campuses. A number of important points need to be considered, including:

- I. the safety of the student
- II. the safety of other road users and pedestrians
- III. the availability of parking spaces at the campus and the rights of local residents in nearby streets

Students must have written parent permission:

- I. to drive between campuses during campus hours
- II. to take other students as passengers in their vehicle
- III. to travel as a passenger in another student's vehicle (passengers will need a separate permission note for each vehicle driver)

As the students' situation changes, it is their responsibility to inform their home campus office they no longer require bus transport and apply for the appropriate permission. '*Permission to Drive*' forms are available on The Rivers Secondary College website and the administration office at each campus. The form can be downloaded as a pdf from TRSC website. A copy has been included in this handbook for your information.

## Attendance at the start of Year 11 Courses

In the instance of an unexplained non-attendance at the start of Year 11, a student's position in a full class will be relinquished after two weeks of non-attendance. This place will subsequently become available to other students.

When the student returns, they will have to request to join a course and if accepted will be required to complete the academic requirements for the course. This course may be that from which their position was relinquished, if room has become available, otherwise entry into another suitable course will have to be requested.

Teachers will continue with the policy of Progress Concerns and N Warning notifications for the subjects that the student originally enrolled in until the student either returns or is officially removed from the rolls.

## Shared Curriculum Student Expectations

Each student enrolled in a Shared Curriculum course at a host campus will be issued with the Shared Curriculum Student Handbook and participate in an orientation program in term 4.

**Student attendance is compulsory at all scheduled lessons.** Student attendance will be recorded for every lesson. Students are expected to attend all scheduled lessons unless they are attending an official activity at their home campus (e.g.: work placement, carnival, excursion, camp). Students must keep their Shared Curriculum class teacher informed of their commitments and notify them of any intended absence.

**It is the responsibility of the student to catch up any work missed for any reason.** Students should contact their class teacher where there is a problem. If the teacher is not available, students must contact the Shared Curriculum coordinator at their home campus.

**Students in Shared Curriculum courses are expected to follow the rules, procedures and expectations of that campus.** When attending a host campus, students are answerable to the principal of that campus. When at a host campus or on a host campus excursion, students are expected to conduct themselves in a manner that brings credit to themselves, their home campus and The Rivers Secondary College.

Students can inform their host campus teacher, the Head Teacher of the college, Head Teacher of the faculty, Year Adviser or the Shared Curriculum Coordinator of any matters of concern.

Copies of letters which are sent from the host campus to a parent or carer regarding a student's progress, attendance or conduct will be provided to the home campus by the Head Teacher of that subject.

## Campus Facilities

Students are encouraged to use the facilities at the host campus including the library, homework centres and canteen.

**Canteens:** are open from approximately 8.30am.

**Libraries:** to borrow items contact the librarian who will make the necessary arrangements. Libraries offer printing for a nominal fee.

## Assessment, Examinations and Reporting

Students who are undertaking Shared Curriculum courses will be reported on by the host campus teacher and reports will be collated and distributed by the student's home campus.

**Assessments** will be conducted by the host campus. The due date for any Shared Curriculum assessment task will be scheduled for the end of a timetabled period for that class.

**Examinations** will be held at the Lismore High Campus with the exception of subjects that require students to participate in an aural listening or practical task, e.g. Music. The Rivers Secondary College examination rules apply to all Preliminary and HSC course examinations.

**Illness and Misadventure:** In the event that a student needs to apply for consideration due to an illness or misadventure, the same procedures apply across the college. Students will need to submit an application to the head teacher of the subject concerned.

**‘N’ determination:** Warning letters and processes may be initiated and issued by the host campus and communicated to the Shared Curriculum coordinator at the student’s home campus.

Please refer to your campus’ Stage 6 Assessment Guide, Assessment Policy and Assessment Schedules document for further details.

**Parent/Teacher interviews:** Parents and carers will be able to meet with all their student’s Shared Curriculum teachers at the Stage 6 Combined Campus Parent Teacher Evening in Term 2. To allow parents and carers of senior students to see all teachers in the same evening, this event will be held on one site. The venue and date will be advertised on The Rivers Secondary College and campus websites, Facebook and campus newsletters.

## New South Wales Education Standards Authority (NESA)

The home campus is responsible for NESA entries. In the case of VET Shared Curriculum courses, the competencies studied, achieved and work placements hours will be entered by the host campus.

## Student Attendance and Progress

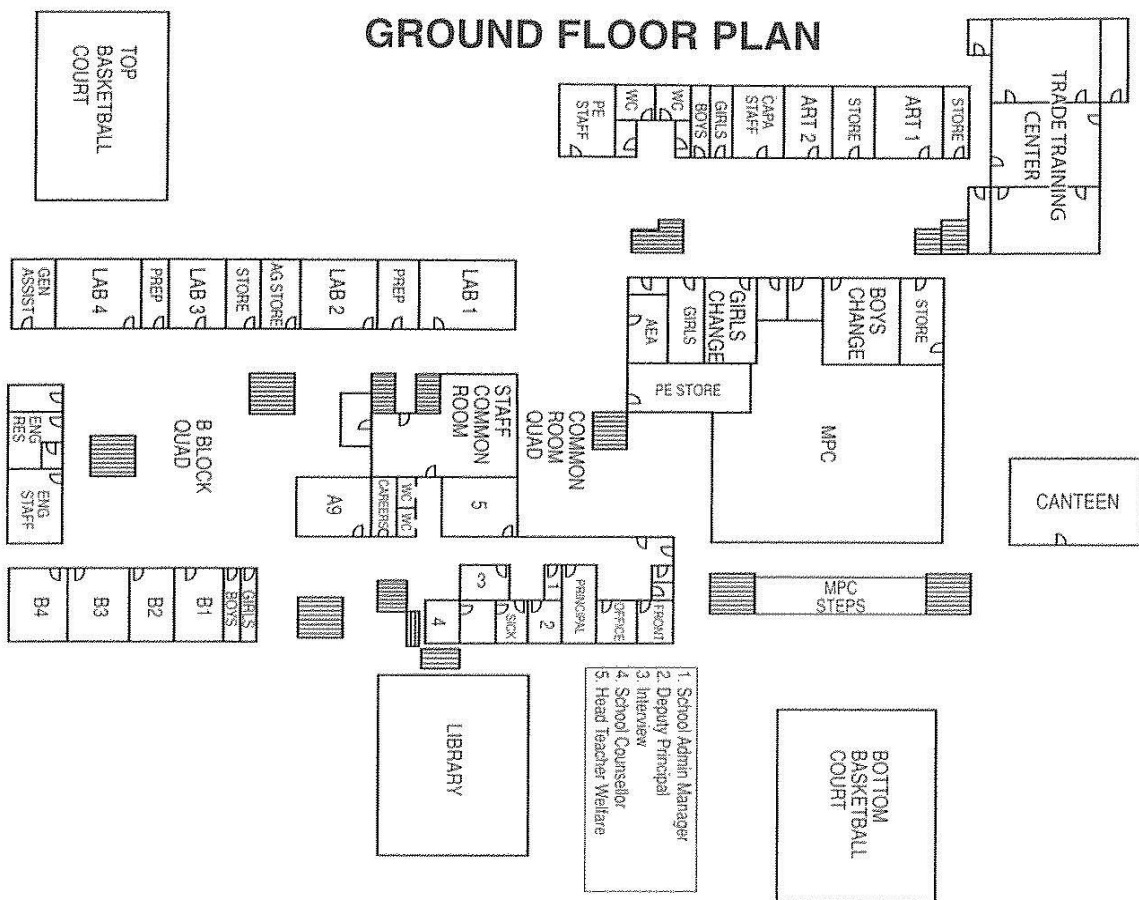

Teachers will mark the class roll every lesson and keep accurate records of attendance. Concerns regarding student attendance and progress will be reported to the Head Teacher of the college and the student’s home campus. Students are responsible for informing their host teacher/s of any intended absence in advance. At any stage, if the class teacher has concerns about a student’s progress, they are to contact their Head Teacher and may liaise with the Head Teacher of the college. Progress and attendance concerns may be followed up through a student interview by the home campus.

## Staffing Information

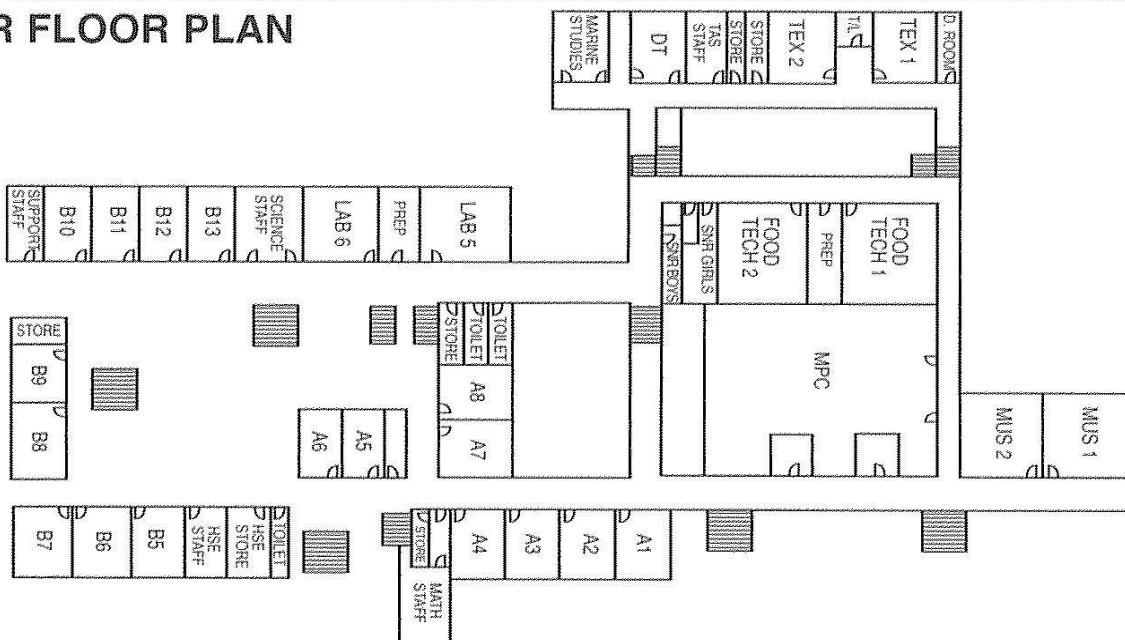

**Variations to Routine and Excursions:** Teachers will make every effort to reduce the impact any Variation to Routine may have on a Shared Curriculum course, however this may be unavoidable due to venue availabilities or booking limitations. All campuses must be notified of any Variations to Routine that may affect Shared Curriculum courses.

Further and current information can be obtained from your Shared Curriculum Coordinator or the Head Teacher of the college.

# THE RIVERS SECONDARY COLLEGE

*The heart of secondary education for Lismore*

Dear Parents/Carers

## Use of Private Motor Vehicles by Shared Curriculum Students

The following information outlines the rules associated with the privilege of driving to and from each of campuses of The Rivers Secondary College for students enrolled in Shared Curriculum subjects.

### 1. OBTAINING PERMISSION

This *Permission Form* must be completed and signed by the student and yourself and returned to the Shared Curriculum coordinator at the students' home campus for inclusion in their student file and the Rivers Desk will be notified. This acknowledges that you and the student have read the conditions, and you have given permission for them to drive to and from campuses for Shared Curriculum classes.

If the student intends to convey passengers between campuses the *Passenger Details* page must be completed including intended passengers and signatures of parent/carer for each party.

Please also include a copy of the driver's license and vehicle registration for the vehicle in use.

### 2. CONTINUING REQUIREMENTS

Once permission has been granted, the student must comply with the requirements outlined below.

- Passengers limited to number of seat belts.
- Change of registration or additional cars must be notified.
- Cars must only be used to transport directly to and from a campus.
- Vehicles must be parked in appropriate parking facilities at each campus.
- Remember that the student represents The Rivers Secondary College when driving to and from campuses. Members of the community are likely to complain about any unacceptable behaviour. Such complaints may be referred to the local Police, complete with all relevant details.

### 3. STUDENT DRIVERS

The student may only carry passengers for whom a permission note has been received.

Failure to observe these requirements will result in loss of the privilege of driving to campuses for Shared Curriculum classes.

Yours sincerely
